Support, Higher Education, \*Scholarships, Student  
Costs, \*Tuition

ABSTRACT

This annual report provides information about the costs of attending colleges and universities. Although most of the institutions listed are in the US, some Canadian institutions are included as well as a number of junior and community colleges. Specific purposes of this publication are to: help financial aid officers verify schooling allowances; facilitate cooperation among colleges with mutual aid applicants; serve as a reference for scholarship sponsors; and create a greater awareness of college costs and a subsequent demand for financial aid to students. Expenses reported cover a normal academic year. Data are divided into sections on: state, tuition and fees, resident room and board, home room and board, resident budget, commuting budget, and out-of-state charges.

STUDENT EXPENSE BUDGETS  
OF COLLEGES AND UNIVERSITIES FOR  
THE 1971-72 ACADEMIC YEAR

William J. Cavanaugh  
Assistant Program Director, College Scholarship Service  
Educational Testing Service, Princeton, New Jersey

March 1971

The College Scholarship Service is an activity of the College Entrance Examination Board. Operational services are administered by Educational Testing Service.

The College Scholarship Service (CSS) is an activity of the College Entrance Examination Board. The role of the CSS is to foster co-operative efforts -- in the form of services, activities, publications, and research -- by and for institutions of higher learning, secondary schools, and others concerned with the problems of financial aid for students. The purpose of these efforts is to ease the restrictions that the expenses of an education and family financial limitations place upon the accessibility of higher education.

The College Scholarship Service, as an added effort to reduce such restrictions, produces each year this publication which provides information about costs of attending colleges. Most institutions located within the United States and some Canadian institutions are included. Not all colleges or universities are listed; some do not appear because they requested exclusion, filed incomplete data, or returned their cost information too late to be included.

The specific purposes of the publication are: (1) to assist financial aid officers in verifying the parental contribution when the family has more than one child in college, (2) to facilitate cooperation between colleges with mutual aid applicants, (3) to serve as a reference for sponsors of scholarships, and (4) to create a greater awareness of college costs and the subsequent demand for financial aid to students.

Although central processing of the Parents' Confidential Statement now makes a more sensitive computation of parents' contribution for families with more than one child in college, the financial aid officer may wish to make some adjustments to the parents' contribution in terms of the costs at the siblings' institutions. With regard to other children in college, parents are asked to submit current costs and not anticipated costs. The cost figures in the publication will be extremely valuable in updating the cost figures reported by parents or in simply verifying the figures provided.

The contents of the publication were compiled from data submitted by each institution to the College Scholarship Service on the "College Estimate of Student Expenses." The information is reported as submitted by the individual colleges, except as noted below in the definitions of the various sections. If an institution did not respond to the circularization requesting 1971-72 data, the most recent cost figures available have been used. It was necessary to leave certain sections blank, as a few institutions did not provide cost information for all sections.

The expenses reported are for a normal academic year. Each report on a college is divided into the following sections:

1. State - abbreviations used are those listed in the Bulletin of Information, College Board Admissions Tests. CN is used to indicate Canada.
2. "\*" - indicates an institution that has a guaranteed tuition or fixed cost plan.
3. Tuit and Fees - includes tuition, general, university, college, or state instructional fees if identified. In some cases, adjustments or averages were used, since variable changes for certain curriculums or student classifications could not be accommodated.
4. Res. Room & Board - includes all room and board charges associated with students maintaining a residence apart from their parents (residence hall, fraternity house, off-campus room, etc.).
5. Comm. Room & Board - includes the equivalent of home maintenance for students who are living with their parents and commuting to college.
6. Res. Budget - includes all tuition charges, fees, room and board, books, personal expenses and travel allowances entered by the institution.
7. Commuting Budget - includes all tuition charges, fees, books, commutation and maintenance allowances entered by the college or university. If the charges entered substantially exceed the Resident Budget, the institution may have reflected the total cost to an out-of-state, resident student.
8. Out-of-State Charge - includes the additional fee the college or university entered as a charge to students who are not residents of the state in which the institution is located. Some colleges also have charges for out-of-community or out-of-district students. For convenience, these have been combined and shown as out-of-state charges.
9. "@" - indicates an institution that has not submitted 1971-72 cost figures, as of the date of publication.

The staff of the College Scholarship Service hopes that the publication will be helpful, and it welcomes comments that will assist in the preparation of future editions.
